## Summary

Passionate and driven computer science undergraduate with practical experience in **Java** and **Web Development**. Building scalable, user-centric applications and solving real-world challenges through data-driven algorithms and innovations.

Eager to contribute to the development of robust, high-performance systems within a collaborative, agile engineering environment.

## Education

<b>Galgotias University</b>	Oct 2022 – June 2026
B.Tech in Computer Science and Engineering	CGPA : 7.7
<b>Pandit Deep Narayan Upadhyaya High School, Gopalganj</b>	April 2021 - June 2022
Senior Secondary(XII)	Percentage : 80.4
<b>Pandit Deep Narayan Upadhyaya High School, Gopalganj</b>	April 2019 - May 2020
Higher Secondary(X)	Percentage : 84.6

## Skills

**Languages & Databases:** Java, JavaScript, HTML, CSS, MongoDB

**Frameworks:** Bootstrap, Node.js, React js, Tailwind CSS

**Concepts:** Data Structures & Algorithms, OOPS, Operating Systems, Computer Networks, DBMS

**Tools & Platforms:** IntelliJ, VS Code, Git

**Soft Skills:** Self-Determined, Adaptable, Growth-Oriented

## Projects

### Personal Portfolio Website | HTML, CSS, JavaScript

- Developed a fully responsive personal portfolio website using HTML, CSS, and JavaScript to showcase projects, skills, and services. Designed with mobile-first principles, smooth navigation, and modern UI/UX. Implemented interactive sections, animations, and contact form integration to create an engaging and professional online presence.

### AI Code Reviewer | React, Node.js, Tailwind CSS, Gemini API |

- Developed an AI-powered web application that analyzes code snippets using Google's Gemini API. Implemented a React frontend with syntax highlighting and a Node.js backend to process and return AI-generated feedback. Enhanced developer productivity by providing automated, detailed code reviews.

### Premium Bag Shop | Node.js, Express, MongoDB, Tailwind CSS |

- Developed an e-commerce web application for a premium bag shop using Node.js, Express, EJS, and MongoDB. Implemented product listing, user authentication, cart management, and admin panel features for inventory handling.

## Certifications

<b>EduSkills - Java Full Stack Developer</b> 	Jan 2025
<b>CCNA - Introduction to Networks</b> 	Sept 2024
<b>NPTEL - Software Engineering</b> 	Nov 2024
<b>Oracle Academy - Java for AP Computer Science</b> 	Jan 2024

## Achievements

- Member of Tech Club, Collaborate with team members to develop projects, deployment, and debugging for College Management and websites for college events
